

# WASH BUCKET

## SKIPPER

### WBSKIPPER

- Wash bucket for cleaning grout from wall and floor installation.
- Impact resistant plastic.
- High-capacity tank reduces the need for frequent water changes.
- Bucket is equipped with high load resistant grate.
- Grate separates sponges from residue in water.
- Rounded edges for ergonomic design and easy to clean wash bucket.
- Two rollers mounted on wear resistant sockets.
- Rollers are on a 15° inclination, preventing sponge and float touching the rim.
- Roller edges avoid any dripping when wringing out the sponge.

ROLLERS	CAPACITY	DIMENSIONS	UNIT NET WEIGHT
